Media Player - C410

Cenique's most popular Android-based media player, the C410 is designed to satisfy all of your single-screen digital signage needs. The C410 media player features a Quad Core processor, 1080p resolution, and an external antenna for enhanced Wi-Fi connectivity and LAN for wired internet.

Pre-configure your solution by selecting a Content Management System from one of our solutions partners below. Cenique's own IntelliFlex CMS is free and provides you the flexibility you need in getting your digital signage program up and running - including the ability to manage content from the device itself - simply plug in a USB drive loaded with your content to get started.
